“ *My name is Chuck Copeland, I attended your father's funeral with Larry at St Albertus, then after the funeral we went to your fathers VFW club i think it was and drank beer with Eds buddy's. One time (i thought this was funny) Larry and i were down at Eastern mkt, and Larry was buying a live turkey to be killed. He picked it out and ol kind hearted Larry went to hide behind the door. Im tryin to see in the back to see how they do it and turned and asked Larry what are you hiddin for. He said he didn't want the turkey to know he was the one responsible for sending him to the chopping block.*

“ I recall when Larry called me to come and help him clean up a mess his cat had made at the barbershop he lived in on John R in Detroit. When I got there I found out his cat attacked an air bubble in waterbed and it exploded.

“ Back in the day Larry was a very good friend to a lot of us. There was one particular event that I remember like yesterday. Larry had a little red Opal Gt sports car. He and I were riding in it downtown Detroit on the 4th of July. We were blowing off fireworks right out of the car. There was another friend down there at the same time who had a 1969 Chevy Nova SS. This was about 1975. I threw an M80 towards the Nova hoping to startle him anyways it landed on the rear window of the car and we're like oh-no but it blew up and didn't break the window or cause any damage to the vehicle. Just one story out of many. He will be sorely missed.
