“ Tonya and Family, Len had the brightest smile and comfort laugh, whenever, I seen him. He would always say to me, “Norma, remember when.....” He would remind me of some things that I forgot. Len was another brother to us as we live right across the street from each other. He was always over eating up our food. 😂. My Len, as this was his nickname from me; you will be truly miss my brother! Tonya, may God be your tender comfort in sorrow and bring peace and strength in the days to come. With prayers and heartfelt sympathy! Love you! 💕🙏💋

“ Len was a very close friend of mine. Literally like a brother. We knew each other since kindergarten and we went all the way through Elementary school in high school together. We both played sports together and he was the #2 wing guard on our basketball team and I was the #1 point guard playing the point position on the basketball team.
From playing marbles to riding bikes to playing football in the streets of New Haven from playing baseball and going to Tiger baseball games Len and I did it all together and I will miss him very much. We both graduated together in 1976 and we shared some of the best times together during his lifetime.
