“ My husband Ken and I first met your Mother when she was working as a waitress at (I think it was called BJ's) restaurant in the basement of the Algonquin Hotel on Pine Grove. She was such a pleasant waitress, and we connected with her the first time she waited on us. I don't now remember how old she was, but this was in the 80's, and she would have been perhaps in her early 20's. I remember she helped us choose a dessert, and we loved it. Then the restaurant was closed, and she transitioned to the HAC, which had then become our favorite place for our Friday Night date night. We were so pleased to see her there, and have her as our waitress. I remember that she told us when she was pregnant, I believe for the first time, and how happy we were for her. Then the HAC burned and closed, and we rediscovered her at the Vintage Tavern, and again we loved having her wait on us. When we were planning to celebrate our 50th Wedding Anniversary, which was to be a small one because of a recent family death, we chose the Vintage Wine Cellar, and our 2 favorite waitresses to wait on our small group of 20, Leslye, and Alaina. It was such a special occasion for us, and these two women were special to us, and as usual they did an excellent job, so everything was perfect. After that, we lost touch with Leslie when she left the Vintage Tavern, but eventually found her at Freighters, and were very happy to see her again.

We never saw her again after that. And we were so shocked and upset this week to hear of her passing at such a young age. And we wanted her family to know that we cared a great deal for her. She was a special, caring person, and we always looked forward to her waiting on us at every location.

“ I’m shocked , I used to work with Lesley at T.R.’s then The H.A.C. , we had a lot lot of fun times together on and off the clock , we used to love sharing hot wings together the hotter the better . When I left The H.A.C. For a new job delivering beer I didn’t see her that much anymore ,only when delivering to places that she work and it was always a joy to see my friend again and share story’s.Even Though life took us down other path and we didn’t get to see each other much she will be considered one of my best friend in life and I will always have great memories of her , I just can’t believe she is gone , Love You always Les !

“ Leslye worked with me at COA last year. She was so kind to me, and always took the time to see how my day was going, especially after my mom passed away.

The minute she walked in the room, a bright light would shine because she was always happy and smiling whenever I seen her.

I'll cherish our conversations with each other that we had and will miss her so very much.
