“ Our deepest condolences to Linda's family and friends, I'm very saddened to hear that Linda has passed. We belonged to the same gym and we worked out in the pool together, where we realized we had many things in common, growing up in St. Clair was only the beginning. I consider myself lucky to have known her and she is already deeply missed. Rest in peace my dear friend, rest in peace.

“ I first met Linda at the bridge when I worked the midnight shift, although we did not work for the same company we became fast friends. I will miss our lunches and the many laughs we shared. You are missed my friend, I will always think of you while eating Brussel sprouts at the old Quay (Thumb Coast Brewery).

*God Bless!

“ Linda (like her sister Kathy) was like a 2nd mother to my son Scott, who she liked to call Scotty. They were both there for him from the day he was born. It was an absolute blessing to know we had someone we could trust and someone who loved Scotty as much as we did.

I'm saddened by the sudden and awful news of Linda's passing. She was a terrific person with a huge heart and remained in Scotty's life up until the day she died. She was the most caring, loving, friendly, happy and generous person I know. She will be sadly missed. My thoughts and prayers go out to her family and all her co-workers and friends. Say hello to my dad for me. Rest in Peace Linda!

“ I have worked with Linda for the past 14 years. She worked the midnight shift and she took many calls from me during storms or when the power went out. She knew how terrified I was to be alone in the dark, or listening to the thunder. She would tell me about Scotty, things she had planned for the day, or anything to keep my mind off the dark and thunder storm

She was set in her ways and content to just do release and nothing else. After some encouragement, she was doing more and she was happy that she finally stepped out of her comfort zone. She was a big part of our team and she will truly be missed. Rest in peace Linda, give my Tony and mom a hug for me, until we meet again my friend. 😊
