“ Dear Karol,

The cousins and I were shocked and saddened to hear that Mark had died. Is there some reason why the family was not notified? My sympathies to you and your family. I remember Mark fondly since we were children together and had recently been thinking of you both and wondering how you were.

*Love,
Cousin Alice*

“ *Sorry for your loss. I worked with Mark for several years and he was a good, very kind and patient man. He was the type of person who would always acknowledge you when you saw him. I will always remember his smile and his quiet ways. He was very proud of his family and always spoke highly of his them. Bless all of you and may the memories of him keep you going through these tough times.*

“ *Mark and I worked in the same area together for years. I admired his attention to detail and worked tirelessly to served the product contracted for the government. He was fair and honest and spoke admirably about hunting. He was patient about discussions concerning Jesus Christ which I would engage him with. I will miss this dedicated man.*
