“ Miss my Grandma lime crazy. I have so many memories of us like when we drove to Indiana to meet the Gather vocal band and then there was our grocery shopping trips where there was always time for ice cream. I'm thankful she is home with the Lord and Mom and Grandpa. How wonderful it must have been to just be in Heaven, one second here and then the next in Paradise! See you later Grandma, I love ya and miss you everyday!

“Grandma, I miss you more everyday! I can't believe you're gone. There has never been a time in my life when I needed you that you weren't there. Whether it was your loving arms around me or, out of the blue, a card from you saying what I needed the most at that time and you always chose the perfect verse to write inside! I have loved you like you were my second mom and I will miss you like I miss my mom! I know how much you loved the poem we chose for mom so I thought I would share it here for everyone to read...

The Broken Chain

*We little knew that
morning that God was
going to call your name.
In life we loved you dearly.
In death we do the same.*

*It broke our hearts to lose you,
you did not go alone;
for part of us went with you,
the day God called you home.*

*You left us peaceful memories,
your love is still our guide;
and though we cannot see you,
you are always at our side.*

*Our family chain is broken
and nothing feels the same,
but as God calls us
one by one,
the Chain will link again.*

“ Grandma, I miss you more and more everyday! I can't believe you're really gone. There has never been a time in my life when I needed you that you weren't there, whether it was your loving arms you held me in or when out of the blue I would get a card from you saying exactly what I needed at that time, every time without fail!! You always knew what to say and what scripture to add. I have loved you as if you were my second mother, even though you raised such a great woman to be ours, and I will miss you as I've missed my own. I know how much you loved the poem we chose for mom so I thought I'd share it here for everyone to read...
