“ *I worked with Mike on a number of cases for General Motors. He had many outstanding qualities, but the one which stands out in my mind is his ability to focus on the problem at hand, rising above distractions and annoyances to get the job done. Many times I have seen Mike go into a conference with hostile parties, and come away with a resolution of the case - not by being a facile charmer, but by approaching the issues in a straightforward, open and honest manner. I always enjoyed working with Mike. He'll be missed by all who knew him.*
