“ I am so very saddened to learn that my nephew Michael has left this world. I am his aunt , his mother Marie was my sister. Few know that we were like brother and sister When we were youngsters because there was only 6 years difference in our ages. For several of our early years, from the time Mike was born , our families lived together in two different places. Mike and I played outside in our yard for hours each day . Had our own fortress to defend each day. Had fun . As time went by & Michael became a teen, he sometimes “complained” to me about things he thought his parents should let him do. I was mostly the messenger after explaining why they were right. As happens our lives change and we go separate ways , we lose track . And of course we could fall out occasionally But I always would get a message or something from Mike every so often and communication stayed open even if less often. I will miss him in my heart and soul for the rest of my life. My condolences to his wife Mary and to his sister Nancy. Georgia

“Just sayin.”
That was Michael’s gentle way of criticizing something you had done or said or written or emailed. I enjoyed playing golf with Michael for many years. I joined him for a week up North every year for about the past twenty years. We also belonged to a local league. When Michael said, “Just sayin,” he had found a flaw in your plans and was pointing out a better idea. He was always fun to have in your group. We will really miss him. Gerry Turgeon
