“Nan was always a pleasure to talk to. She welcomed us in right away as her new next door neighbors on the lake. We still have a tree that she gave us that she started just from a stick..It's about 30 feet tall now! She was actually the first to hold our newborn daughter born just 10 minutes prior at our lake home. I still remember the shock and joy in her eyes as she held this new life. We would all be blessed with more neighbors that shared the kindness of Nan Coyle. May God bless Chuck, another great neighbor, and the whole family.
