“ I had the privilege of working with Nick for four years. Not only was he extremely intelligent, but he also was always the first person to offer help if anyone needed it. He made long days a little brighter with his DIY bubbles in the kitchen, and pranks on our spider hating boss! lol.His Jimmy Johns family old and new will miss him greatly.

“ Nick was extremely wise and an exceptional listener. I was always impressed with Nick's at least surface level knowledge on almost any subject. It was a rare treat to know something he didn't, but he would always be excited to learn something new. I will always remember Nick and he will be missed.

“ Nick was the most intelligent person I have ever had the pleasure of working with. He was smart, sensitive, and a good listener. He could teach you about caring for plants from seeds or how to fix your car. There wasn't anything he couldn't figure out. I know he is missed by many.
