“ Aunt Pat was a wonderful lady and a great caregiver for Uncle John Chesser.

*They were both good parents, examples for good in my life and they will forever be cherished as the solid patriots and hard working Christians that they were.*

*Truly enjoyed the times at the cottage, the family events, the polish food and influences, the memories of grandma & grandpa in Centerline and so much more.*

*The Galveston gentleman, US Navy veteran and parts business commander that John was, will forever be a major foundation stone in my life, for sure. Love ya man!*

*From the Brightmoor nursery school, Arrow Truck Parts, the years at Norwest, Lennox, and our working together at MECC for decades, we were blessed to have them in our lives.*

*Super special, was the long friendship that they had with my Aunt Vivian & Uncle Lou.*

*Long missed already, forgiven for whatever may have been or not, and simply loved.*

*It's a God thing that they did so well together for so long and then passed into heaven with Jesus, in the same week.*
