“ Mom I miss you. And will honor you by trying to smile every day, and sharing your type of true love towards others and putting family first. I know my family didn't get to see you that often these past recent years but we all loved you, shared past memories from time to time, and prayed for you every day. I know you're an Angel smiling down on us and walking hand and hand with dad again. My fondest memory is when Jeff, Tina and I were young and we shared one tiny room together at Tropical Shores Hotel. It's family time that was stripped to the root core of love and happiness.

You were amazing at everything you tried and I am inspired to start new endeavors in your honor. I love you Mom.

“ Some of my favorite high school memories were spent with Mrs Stebner. She was the perfect mix of sweet and spicy! Always kind and full of wisdom. Her smile lit up a room. She always had an open door and made us feel very welcomed and loved. Missy 💕💕

“ Auntie Pat was an incredible watercolorist and inspired me over the years to practice painting. Her and Uncle Eddie had an inspiring love for the great outdoors that provided so many beautiful family memories. Her legacy will be forever in our hearts.

“ Patricia was a wonderful person, and such an amazing grandma! I called her Day, because when I was a baby she would come and babysit me, so my mom and I think I associated daytime with her, thus resulting in me calling her Day... and I guess it stuck! Anyways, she was so kind and caring. I always loved to see her and she always had something positive to say. And wow, don't even get me started on how good her art is! She painted incredibly wonderful and I am making it my mission to become as good of an artist as she was. I remember her teaching me watercolors and making art with her! She was always there for me and always will be. I really miss her, but she will always live on in my heart... and in Heaven! I love you Day, always! ❤️❤️❤️

“ Auntie Pat was one of *THE* sweetest and most beautiful women in my life. I am blessed beyond measure to say that she was a perfect example of the kind of woman I have tried to model my life after. She a woman of faith -strong, loving, kind, and humble. Even her art reflected the beauty she held inside. I pray I can share the qualities she poured into my life to those around me. One of my very first memories is of being with her and her husband Uncle Eddie when I was just a toddler and most of my childhood memories of Willowmere, Crocker, Marine City, Lilly Lake, and Florida revolve around her and the rest of the family. I will always treasure these memories in my heart of hearts *FOREVER!* I look forward to the great reunion we will someday have with all our loved ones that have gone before us!

“ Pat was my mother-in-law. She was kind and sweet and always eager to feed us! Even in her last few months, she still would ask if she could make us something, even though she was mostly confined to a wheelchair. The majority of paintings hanging in our house were painted by her. She had so much talent. My personal favorite is a bowl of fruit with the words 'Terri's Kitchen.' It was a surprise, and I was so very touched. I am going to miss her wit and her forever smile which brightened up every room she was in. Love you, momma Pat. ❤️

“ My Auntie Pat and Uncle Eddie are part of my most cherished childhood memories. The times our families spent together will forever be in my heart. It didn't matter if Auntie Pat was holding a hammer or a paintbrush, she possessed great talent. I always admired how strong she was yet also sweet and kind. I am going to miss you but I will think of you when I dance and will be forever grateful for you and your influence on my life. I know we will all be together again one day with Christ. I pray for comfort and peace to fill the hearts of her children, grandchildren and siblings. Jeff, Randy and Tina even though miles may separate us, remember that we are family
