“ Randy was one of a kind, so very kind hearted and loving person. Every time I saw him it was laughs and high school memories shared. I will always treasure those memories. Rock out in heaven Randy.

“ I have many memories of Randy. Especially that they always treated me like their little baby. Anytime I seen him and or cousin Kelly they would always call me hey little baby and I'm remember many birthdays that they made special by bringing all of their musical talent to my birthdays as well as a lot of other family functions. Always puts a smile on my face when you see him and he's wearing shorts LOL
