

"Reno" Reno

March 1, 1973 - November 29, 2024

Reno

Born March 1, 1973. He came into this world already having a best friend, his twin brother, Joey. He has been passionate about creating art his entire life, whether it be on paper, skin, or metal. He had the most incredible visions for the art he created. He didn't just hold the tattoo machine, it was an extension of his soul. He had an unmeasurable love for life. Riding bikes, going to concerts, building hot rods, doing tattoos, and sitting in a circle with his friends. If you seen Reno out and about you wouldn't see him without Chriss, Joey, rock 'n' roll playing, and a Coke in his hand. He was the most amazing husband, father, son, brother, friend, uncle, and cousin. Although his favorite was being a papa. Coming home from work and seeing Harper and Delilah was his favorite part of the day. He leaves behind so many people whose lives he has impacted, for the better.

He is survived by his soulmate of the past 16 years, Chriss. His sons, Craig, Gage and Vinnie, and his daughter, Aubrey. His grand girls, and apples of his eyes, Harper and Delilah. His brother, Joey, sisters, Rachel, and Jamie. He also leaves behind his Aunt Connie and Uncle Dale, who was his second parents. So many aunts and uncles, cousins, and beloved friends. He was preceded in death by his mom, Betty Jane, longtime family friends, Wendy and April, and one of his best friends, T. Money.

The world is a lot dimmer without his smile shining so brightly. Reno's own words, "it's God's plan, I'm just along for the ride." His legacy will live on at Reno's DaVinci tattoo. He is a legend, and legends never die.

Celebration of Life and benefit for the family, will be held at Port Huron Motorcycle Club, 3376 Griswold, Port Huron on December 14, 2024 from 3:00pm to 8:00pm.

“ *John and I have been friends for 31 years!! My first tattoo is 30 years old. Many of you may have heard a story about Reno doing a tattoo and the girl hit him in the head with the telephone. Well that's me lol!! I have so many memories to choose from inside and outside of tattoo's. They say it takes a village to raise children John and Joe were part of my village. Fly high my friend!!*

“ Always went to Reno’s DaVinci Tattoo. For me and my daughter. Last seen him in August. We laughed about the Castle Greyskull he had(showing our age) and how he wanted to put skeletor at the opening so he could finally have the power of Greyskull for once. 😭 He was a fantastic man. The world is dimmer without him. My prayers and condolences to the family.

“ *Many MANY years of this man tattooing me! I'm thinking 18? I can't look at very much of my skin that his art has not touched! Not only me but many family and friends I took to him for their first including my own special needs daughter. His "baby yoda" on her arm was the last time we seen him in person :(he is loved and will be missed by us and many more! Loved his stories when he was working and his love for life! I cherish all the time we spent at that shop! hugs prayers and condolences go out to his whole family!!*

I met him only once, when I was out with a friend and got a tattoo. It it is so pretty I like to show it to everyone. I remember that it was a fun visit. I'm so sorry for your loss.
