I am so saddened to hear that my long time friend has passed. Since the day I started in 1969 we immediately got along. When he entered supervision in those early years he was responsible to train many other foremen/supervisors over the years. He was so aware of the intricacies of Coater operations. He was the go to guy, he was the man. Our friendship ran the gambit. We joked, fished, poked each other, endless conversations and tipped a few. Always there when needed. To his family you lost one of the best. RIP my friend. Ray Gonzales
