“ *This memory is not meant to be morbid but it is one that made our friendship so strong, At almost the same time we both had life-changing things happen to us. We both had heart attacks that scared the hell out of us. It brought us together in a union of understanding. We didn't dwell on our hardships but we understood more about what life is all about. Often when we were together I think the little kids in us came out. Those memories that he and Sharon shared with Mariska and I will always be cherished. I miss you Cuz!*
