“Richie you were such a huge part of our lives with so many memories growing up. Aunt Joan and Uncle John, me and my sisters loved you so very much. I don't know why you have gone so suddenly of such a random health issue and it feels unfair in so many ways. You still had so much to teach your new little grandchild. But even in all of the sadness of losing first dad and now you, I know that my grief and my tears happen simultaneously with hope in our common belief in Jesus Christ and His promise of eternal life with Him. Thank you Richie for loving us so well and being such an attentive and loving second-son to my parents. I miss you telling endless hunting stories already. But I know you are with your mom, dad, sister and Uncle John in a glorious place where you can live in perfect peace forever and I also know I will see you again in what will seem like just a minute. I will remember you and love you forever, Terry Jean
