

Robert L. "Bob" Cupp

December 17, 1958 - June 27, 2026

Robert "Bob" Cupp, 67, of Lexington, MI passed peacefully on 06/27/26, surrounded by family. He is survived by his beloved children, Cody and Jenny, who were the pride of his life. He also leaves behind his younger brother, Steve, along with many family members and friends who will carry his memory forward. He was preceded in death by his father, James; his mother, Dorothy; and his older brother, Lonnie.

Bob wasn't one to let the grass get too long beneath his feet. He believed life was meant to be lived with curiosity, hard work, and a sense of adventure. Bob worked for General Motors as a High Tech Engineer for 30 years. He loved fishing, boating, scuba diving, deer hunting, and riding his motorcycle. But the greatest joy of his life was his family.

Though his journey on Earth has come to an end, his spirit lives on in the lessons he taught us: to stay curious, to work hard, to embrace adventure, and to never be afraid to chase the next horizon.

We will miss his stories. We will miss his laughter. Most of all, we will miss the man who taught us that life is meant to be lived freely.

Private family services will take place.

Jowett Funeral Home is privileged to serve the Cupp Family
