“ I have 40 years or more of memories and stories of Bob I just can't share one but I will share this, my brother in law was a very generous man who really cared for people in need, he was the first one to put his hand in pocket when others wouldn't to help and that's the truth, or if someone's furnace or air conditioner went out he was there because he didn't want Noone to be cold or suffering from the heat. Bob always did fabulous work even if he was a bit slow sometimes Lol, when he was done it was always a happy customer or family members. He had his ways about him that could drive you crazy but that was Bob. I will miss him terribly, and my heart heavy to not to see him everyday will not be right. My heart goes beyond out to my family, this loss is a great one. Rest in Peace Bob.
