“ *My dad....I miss you so much. This is the hardest moment I've ever had to go through. I don't know if it will ever get any easier. You had such a giving heart that not everyone seen. I will miss all your great cooking and our talks about just anything. You passed away so quick and unexpectedly. I wish I had more time with you. I am thankful the night before I stopped over and we got to have our last conversation. God has each and every one of our lives in His hands. And I trust all of His ways and plans. I asked God if he would tell you that I love and miss you very much.*

*You will forever be in my memories and when I cook I will always be thinking of you. I love you so much dad.
Love, your daughter Shannon*

Robbie was a good man. While we lost touch after our adolescence, I have great memories of his good natured personality. RIP buddy.
