“ I worked with Bear at Richmond Lenox EMS and learned a lot about being a Paramedic long before I ever thought about becoming a Paramedic. I will miss the gentle giant.

“ I am still trying to wrap my head around this because I can't believe you are gone.

Bob is and will always be a great man.

Bob could be very intimidating the first time you met him. There is a reason they called him Bear, but once you got to know Bob, he did have a soft spot and he would do anything for you.

I met Bob at Lifestat back in 1990 and I loved working with him on the road. I continued working with Bob at Medstar until he retired.

Bob, I am truly blessed to have worked along side a person such as yourself, I will remember the good times, the laughs, the tears, but most of all, your friendship. Love you and will miss you brother, Godspeed.
