“ To the Family of Robert Bruce Waters

*Robert Bruce Waters was an intelligent, smart, creative and very handsome man. He was a talented human being in many wonderful ways unimaginable. He was kind with a big heart and would always lend a hand in helping others whether it was with household project or completing a paint job. He was compassionate toward social issues that we all are facing in this world today. His was a sensitive man who loved all mankind regardless of their life's situation or their journey. He refrained from judging others because he didn't want others to judge him.*

*There are no words in the universe to describe how much Robert loved his family and Life in general. His daughters, His son-in-law's and grandchildren were the cornerstone and the center of his world. If you were around him more than a minute he would quickly make you aware of how much he loved them. Rob was an outstanding musician. He was a gifted man with the ability to play many musical instruments, and get this; he didn't even take music lessons to play many of these instruments. He had a natural ear for musical notes and rhythm. When he played music in any form he was in his element. I remember his contagious smile as he played the piano and putting his foot on the piano keys as he finished the last line of the song he was playing. He really got a big kick out of doing this. His love for music lighted up the world. This man was the love of my life. I cannot put into words how much we all will truly miss his love, his presence and the very essence of him.*

*Thank you, Kate, Dave, Bobbie Joe, and his grandchildren for all your love and on-going emotional support. You all were his rock and stood with him to the very end. Thanks to his lifelong Pal Brian W. who loved him as a brother and unconditionally. Your friendship meant the world to Bob.*

*My sincere condolences to the entire Waters Family and all who made a difference in his life. Robert knew his family did their very best for him and with that he is well pleased.*

*Love Patti*

I'm so very sorry to hear about your father. He was a smart, intelligent, and funny man. Through the years, he made me smile and laugh. Although it's been 6 years since I've seen him, he is definitely one of my most memorable customers and he will be missed.
