“ I am sad to hear about Ron. He and I were friends a long time ago, but lost contact after I moved. Today, I was pondering old friends and wondered what Ron was up to.

I knew Ron. He was a great person who always smiled. I'm so sorry for the loss of him and his sister. I met her too.

I was just checking back in to see if any other wrote a post. I am sad that Ron is lost in the memory of those that knew him. Especially, Sam, who he worked for decades..
