“ I can't believe it's been 2 years without Grandma! It seems like it's been so much longer. I still feel like she is with me. I still continue to learn life lessons from her even though she's gone. (It helps she left me a little book) She was one of the greatest teachers and human beings I ever had the blessing of knowing! 💕

“ I remember how important mail time was to my Grandma Olson out on the farm. She loved to get letters. Aunt Ruth wrote frequently and regularly. And, I was very excited when I was old enough to write the addresses for Grandma's replies. 29890 Quinkert was the first "big" address I ever knew. While there weren't all that many trips, it was very special when Aunt Ruth came to SD. She was always laughing and reminiscing and so very nice.

“ I just wanted to say that I know we are all very sad to see this time to come. Ma was a very wise and kindhearted woman that held all who knew her in a firm grip with a soft touch. She believed we all experience Heaven and Hell here on Earth, and that it is up to each of us to choose our own path through life. I also know that all of us whose lives she gave and touched should be very thankful for the piece of Heaven she has given us by being a part of our lives. I love her with all my heart and miss her very deeply.

“ Grandma had a great smile and a light heart despite what life brought her. She kept that right until the very end. She loved and accepted every single person for their individual strengths and she never judged a person by their weaknesses. We were all lucky to have her for as long as we did. I will miss her greatly.

“Granny never had a harsh word for anyone that I heard. I know I disappointed her at times, but the tales of my failures were always met with the simple optimistic view forward of "nothing to do do about it". It was her way of washing me from my failure, propping me up to try to better and learn from my mistakes. She was a grand matriarch, and I am proud to be called her grandson.

“You were my number one! You always told me this day would come and not to be sad when it did. You didn't want that. Im trying REAL hard. If it wasn't for you I don't think I would have achieved the things I have or be the person I am today. You were always proud of me no matter what. You raised me right and were the best thing I ever had in my life! Jeff always would say to me you were the richest woman he ever met! He never seen a woman so loved and loving!

“ Oh my where to start. Even though you were not my mother you made me feel as if I were. You were always my person to talk to when I was having a bad day, somehow you would show me that it wasn't so bad afterall. I will miss you Ma

“ *My fondest memories are all of the times we celebrated your birthday at Marysville Park. You will be missed but I know that as your time here ended a new one was beginning and I believe that you are with all your family who went before you. "And when I am old, I shall wear purple....."*

“ *I remember every year on Thanksgiving Mom would be up early getting the 25lb turkey ready then cooking and baking the big meal. Then we would all be crammed into that tiny little kitchen to eat and have pumpkin pie for dessert.*
