“ *My beautiful grandmother how i was so lucky and honor to have you as my grandmother, we have so many special memories, like when you use to take me to the Mexican dances and got to dance with you and my grandfather them where the nights i loved and always hold them dear to me. Mom you where the center to my life loving you was the most awesome and over joyed feeling i ever had. I've learned so much from you, and enjoyed our talks we had through out life, thank you for always being there for me. The day you where called home that pain was so unbearable for me but what helped was knowing that you where going home to our father in heaven where you will be free of pain, worriers, and be in peace, and happiness, you are one of his beautiful flower now. But until then I love you and i see you later !!!!! AMEN*
