“ Sorry to hear of “Tabs” passing. In 1978 he took a chance on a 21 year old kid and gave me my first “real” job at State Farm, which turned into a 40 year career. He was the boss but also a Mentor. He gave me good advice and said if I had a problem to come see him first, I remember he always made time to talk regardless of how busy he was. He was firm, yet fair, and I appreciate all he did to help me along my career path.
