

Susan Pupkiewicz

July 15, 1950 - May 5, 2025

Susan Pupkiewicz (74), beloved mother and sister, lost her battle with pancreatic cancer on May 05, 2025 in the loving company of her three sons. Her strength and fortitude were well regarded by all who aided in her fight. A devout Christian, who spent much of her time independently reading scripture and strengthening her relationship with Jesus, Susan left this world at peace. Susan's greatest love was for her children. She took pride in caring for them unconditionally. Always ensuring they had full bellies and full hearts, she was the glue that held the family together. Susan was a passionate cook, gardener, and loved all things nature. She created a welcoming home and sanctuary wherever she lived, free time spent tending to her gardens and nurturing animals. Some would say she had two green thumbs. Her favorite pastimes were collecting rocks on the beach, walking in nature, perusing art fairs for yard art and solar lights, and spending time with her children. Susan always went out of her way to care for those less fortunate. She will be missed dearly by all who knew her and live on in the hearts of her loved ones.

Susan is survived by her sons, Nick, Tony and Joe as well as her siblings Mick, Marcia, Diane, Dan, Marie, Sharon, Pat, and Paul.

She was preceded in death by her former spouse and children's father, Vince Lucido, as well as her mother Frances and father Casmere.

Private services will take place.

Arrangements in care of Jowett Funeral Home - Port Huron.

“ *Some of our best memories with Sue were the terrific parties she had when living on Ballard Street, especially on New Year's Eve and the 4th of July. She provided the best food, activities, and fireworks! I was always surprised no one blew a finger off. We are going to miss you Sue, but know we will see you again in heaven -- where there is no more pain and tears. Love always, Diane and Michael.*

“ One of my favorite memories with Sue is when she hosted a family Christmas at her home in Georgia. A snowstorm hit the area and we were stranded.....an unplanned extended stay on a mountain in Georgia with more than 10 people. It was wonderful. We watched movies, played the piano, worked jigsaw puzzles, all while Sue cooked and provided meals with what she could. That's what Sue did. Always giving. The warmth of a crackling fire and the connection I felt was priceless. And the snow was deep and breathtaking. Thank you Sue for giving me that moment in time with family. We love you and you will be dearly missed.

“ One of my moms favorite things, was to see the moon glistening off the lake. We sat there at lighthouse Beach and enjoyed the warm breeze with each other's company. I will greatly miss her. Love you mom. Mom your in heaven now, this is not the end I will see you again.

“ We had so much fun with Sue! In 1995 she took us on Pedal Across Lower Michigan. We will think of her always.

“ Those who knew my sister will remember her smile and her extraordinary capacity for kindness. Sue possessed a truly selfless spirit; her home was always open, her hospitality boundless, and her warmth a constant source of comfort to everyone fortunate enough to know her. She had an uncanny ability to anticipate the needs of others, offering support and understanding with a gentle heart and unwavering generosity. She truly lived a life dedicated to serving others.

While the grief of losing her is keenly felt, I find solace in the knowledge that her suffering has ended and that she is now at peace, resting in the loving embrace of our Father. The words of John 14:2-3, "In my Father's house are many rooms... I am going there to prepare a place for you. And if I go and prepare a place for you, I will come back and take you to be with me that you also may be where I am," offer a powerful comfort during this difficult time. It is a promise of reunion, a hope that sustains us as we navigate this journey of grief. Sue's memory will forever be a blessing, a testament to the enduring power of love and compassion.

hey Sue, I will see you later.

With love,

“ I was lucky to get to know Sue over the last 2 years. She was an inspiration with her crafting, baking, cooking, and gardening. All interests we shared together. She made this beautiful grapevine wreath for me that I will always treasure. It inspired me to make a grapevine tree to decorate like her own. Sue was a warrior and fought hard with the cancer. I hope to be as independent and free willed as Sue was in her 70s. I'll always remember her story of letting her zebra finches free in the Keys. Fly high with those finches Sue. 💖🙏💖 ~Beth

I am so sorry to learn of Susie's death - Susie is what she was called as a little girl. I am her cousin, Barbara Drozdowski Mackey. My Mother, Lillian, is Frances's sister. I am sure the rest of the siblings do not remember me, but I was one of their babysitters when they were just little kiddos; although, I am not that much older than Micky. I am struck by how much Susie resembles the Bilinski women, all of whom have such a wonderful earthy beauty. Thank you for sharing the wonderful photos; I truly enjoyed seeing you all. Barbara
