“ *Theresa was a beautiful person inside and out, I had many laughs with her and deep discussions all in the same sentence. I will definitely cherish all the memories we had together. She was a very caring person who'd go out of her way for anyone. She always had a smile on her face even when you knew she wasn't feeling well. My heart goes out to her family. Theresa you are one in a million I will miss you my Dear Friend.*

“ *Wow! Where do I begin? Theresa and I met at meetings for the Autism Society, Macomb Chapter, we each have a son on the Spectrum. We clicked instantly as she was dealing with many of the same things we were. We soon became Board Members and spent MANY hours attending support meetings and planning all the events over the years. One of the greatest joys of my life has been being her friend. She is loved by so many people because she always connected with everyone she came in contact with. She truly cared about people and it showed in her words and her actions. She truly did light up a room by being in it and was fun, kind, loving and I don't know how any of us can be in this world without her. She is and will always be the absolute best person that I know! I will surely miss our talks, all the laughter and her beautiful face. Hugs and Blessings to all her family and the many friends.*

“ I worked with Theresa for years. I could always depend on her to get the job done. A very positive attitude and friendly person even in doing tough work. I remember being at the wedding of Kurt and Theresa which happened to be my birthday and they had balloons there. Kurt and Theresa have always been special to me. My prayers to Kurt and the family.
