“ My thoughts, prayers and love go out to the family... I have known Tom most of my life, my brother Tom Burgess and him were best friends growing up.. Always hunting and fishing together and taking little adventures together.

Tom T was a pain in my butt when I was younger and still was as a "grown-up", lol but all in all Tom was a great person, he'd always help you out if needed. He will be missed by many.

RIP Tom
