“ When I was younger I always wanted to be like Tina, way she dressed, how she look, I idoilized my cousin, I loved when my auntie brought me her clothes that didnt fit anymore. Through the years seeing Tina at different family functions, I still thought she was so amazing, I wanted to be independant and strong and out spoken just like her. Tina I will truely miss you and our little jokes we shared and things we talked about privately. And your Birthday card every year with a little something in there saying to treat myself. I love you cousin and will miss you so very much.
Love you always your cousin

“ I have so many memories of my cousin Tina. I remember going to her cheerleading competitions when she went to Saint Barnabas. I remember the slumber parties where we would play light as a feather. I will miss her very much and she truly was a blessing. The world will not be the same without her.
