“ *We are sorry Yvonne. We sure enjoyed them being our neighbors on Grouper. We sold the same time that they did but we sure enjoyed them while they were there over the years. We will cherish the memories that we have of them. Mike Clark and Barb. I am Ken Locey's sister,*

“ *I remember always going to or passing her house on the way to the beach. I also remember some bonfires in the yard. She and Gary we're always so nice when we stopped by regardless of the time of day or night.*

“ *My mom was perfect for me. She was loving and supportive. She was always there - she was a full time home maker, volunteered at my school as well as my girl scout leader for all the years that I was involved. After I became an adolescent, my mom began working with young children as well as mentoring couples and leading retreats through marriage encounter. She took care of not only her aging parents but also her in laws as they endured illness for many years. My mom was a perfect hostess. Her house was always open to anyone for however long they wanted to visit rather it be the cottage or their house in Florida. My mom loved being a grandmother, her family always came first. I will miss my mama always and gratefully remember her love, care and smile as well as happy memories throughout our lives together. I love you and will keep your memory alive through all that I have learned through you. with much loss and hope, Lisa*
